**Position Overview**
AmeriCorps Community Educators with Teton Literacy Center (TLC) plan, teach, develop curriculum, and manage resources in TLC’s most visible and critical community activities. This position is responsible for working with TLC staff to develop and deliver literacy programming to serve students, PreK through 12th grade, and their parents, during summer months. The goal of TLC summer programs is to provide enriching opportunities to students and combat the potential for summer learning loss. Position success requires a commitment to high-functioning communication within and across all areas of the organization including afterschool and family literacy programs, operations, reporting and data, and community outreach and collaboration.

AmeriCorps Community Educators with TLC have a passion for working with children, education and service and an ability and willingness to take initiative, solve problems, multi-task effectively and with humor. They have the ability to facilitate both large and small groups of children in Pre-k through 12th grade and the willingness to learn and grow alongside TLC families. This position requires the ability to work both independently and cooperatively with attention to detail and ability to meet deadlines.

**Work Schedule**- Monday- Thursday 8 am- 6 pm, with occasional events outside of those hours.
The Purpose of the Position:
To develop and deliver literacy programming to meet the needs of students in Pre-K through 12th grade, and their parents, in the TLC community.

Essential Responsibilities:

Programmatic Instruction
- **Instruct summer literacy and STEAM programs** for students in Pre-k through 12th grade, and their parents, in our out-of-school time setting through student-centered and project-based instruction, always ensuring participants’ safety. Instruction may include but is not limited to: project-based learning, social-emotional learning, STEAM activities, literacy and math small groups, Kindergarten prep programs and family literacy workshops.
- Provide programming for family literacy programs, as needed.
- **Develop and implement high quality curriculum and daily lesson plans** aligned with TLC standards and program goals through embedded training and professional development.
- Apply national and TLC best practices for classroom management to maximize student engagement and success while instructing small and large groups of students.
- Coordinate, build and maintain community partnerships to create literacy-based programming.

Programmatic Support
- Enhance content area and student interest connection to literacy skills in curriculum development and lesson planning.
- Develop curriculum material and systems to increase effectiveness of future programming.
- Support in the planning and implementation of fundraising events.
- Develop an independent capacity building project to sustain the AmeriCorps impact on TLC after the position ends.
- Develop an independent capacity building project outside of TLC to sustain the AmeriCorps impact on the larger Jackson Community.
- Share management of TLC and offsite spaces, including cleaning, maintenance, updates, and organization.

Professional Development
- Attend trainings at Teton Science School in accordance with AmeriCorps duties.
- Attend initial and ongoing trainings in literacy education, classroom management and best educational practices with TLC.

Perform other duties as assigned by the Program Manager, Program Director or Executive Director.

Hiring Timeline: Rolling interviews until position is filled. We hope to have position filled by April 15, 2022.
